Dear Parents and carers,

We have had another busy week of learning in Courtenay class!

In English we experienced being marine biologists to enrich our writing. The children explored different areas of marine biology to collect a word bank of different marine animals! These experience days allow children to broaden their vocabulary and show it off in their writing. I am very proud of the sentences they are creating, and I am looking forward to reading their stories they write next week!

In maths we have been busy exploring area this week. We started by using post-it notes to understand what area was before moving on to finding the area of rectilinear shapes. We have now finished our length, area and perimeter learning and we will now be moving onto looking at fractions!

As geographers, we looked at a river as it journeyed from the source to the mouth. After looking at some pictures of the River Severn we discussed what we noticed and then drew our own river journey diagram that included different features of a river.

Thank you for all you support on Red Nose Day! It was lovely to see all the red clothes, crazy hair and the playground full of cakes at the end of the day! The children also had the chance to join a trust wide assembly and take part in a quiz for all the KS2 children across the trust! The Red Nose Rockers scored an impressive 26/30!

Have a restful weekend,
Miss Massey

Dates for your Diary

w/c 21st March – Ukraine Appeal. Ribbon pin badges available to buy for £1 each. We would like all students, their families and all staff across our schools to run or walk as many miles as they can! Please ask your friends and family to support or sponsor you in this too! And don't forget to let us know how many miles you've run or walked so that we can add it all together - let's see if we can hit our 440 mile target! We'd love to see your photos and videos so that we can share them on our social media and show our support.
