Dear Parents and Carers,

In English this week, we have completed our short unit on non-chron reports by writing our own non-chron report on Lines of Latitude and Longitude. This was a Geography focus last half term so this writing piece is a clear example of how we try to promote shared learning across subjects wherever possible. We have now started an English unit on timelines. The content for this is Ancient Greece, which we are currently learning about in History.

Star of the Week

showing such

Maths continues to focus on equivalent fractions, decimals and percentages. We use lots of images to support the children with their understanding (see below for an example) but this type of Maths can also be found in everyday life. Shop offers are often in % and fractions, but

Percentage:

We have been blessed with glorious sunshine this week. As teachers cannot apply suncream on pupils (and bringing suncream into school – unless specifically requested for a school trip, for example - can cause issues with sharing), please ensure that children come to school with a long-lasting suncream on. We regularly remind children to drink. Our policy on going to the loo during lessons remains the same: we ask the children to go during their break and lunchtime and we aim for only one loo trip throughout the longer afternoon session. We have revisited all these reminders with the children this week; thank you in advance for your support at home.

MESSAGE FROM MR O'SULLIVAN

We Believe:

We are Stronger Together

We're excited to share the launch of 'All Aboard at ASM' – our brand new way of celebrating everything that makes our school such a vibrant and exciting place. This idea was born from our reflections on all the wonderful things that happen outside the classroom, from trips and visits to themed days, visitors and enrichment activities. It's a chance to showcase the full journey our children go on during their time at All Saints Marsh. Keep your eyes open throughout the Summer Term as we begin to share more about this celebration and how your child's experiences will be highlighted.

to

We all belong in our School Trust

As the sunshine finally arrives, we are enjoying the beautiful weather and making the most of outdoor learning and play. With the rising temperatures, please ensure that your child comes to school wearing a

hat and has had suncream applied before the day begins. A water bottle is also essential to keep everyone hydrated and healthy in the heat. Thank you for helping us to keep the children safe in the sunshine.

In Removing barriers for all

We are thrilled with the response to our Summer Term clubs – it's fantastic to see so many children getting involved! Our KS1 Cooking, KS2 Cooking, and KS2 Cricket and Rounders clubs have been oversubscribed, showing just how enthusiastic the children are about exploring new skills and staying active. For those who didn't get a place this time, don't worry – we'll be offering even more clubs in Summer Term 2, so there will be more chances to get involved very soon.

In realising the possible so that all children can flourish

CLUB OFFERS:

Finally, we want to take a moment to celebrate the bravery and confidence of the children who have taken part in public speaking during our assemblies. Whether sharing a story, reading a prayer, or presenting something they're proud of, we have been blown away by their poise, clarity, and passion. We can't wait to hear from even more children over the coming weeks – they are all such brilliant ambassadors for our school.

SUMMER 1
